Program Description

24:7 Dad® is an evidence-based fatherhood program available in two versions— 24:7 Dad® A.M., a basic skill-building program, and 24:7 Dad® P.M., a more in-depth skill-building program. Diverse organizations across the nation use the program to improve the knowledge, behavior, and skills of dads of all races, religions, and demographics. The program is built on the basis that fathers can be nurturers, and for men, nurturing is a learned skill. Throughout the program, men examine their own fatherhood history, learn the 5 characteristics of a 24:7 Dad, and other important behaviors such as working with mom and proper child discipline to help them be the best dads they can be.

Program Length (Both Versions)

12 core sessions + 1 optional introductory session at approximately 2 hours each.

Program Delivery (Both Versions)

Group setting, delivered by a facilitator(s), or one-on-one (e.g., in a home-based setting).

Program Description

This short-length workshop helps dads develop a set of behaviors that will help them become the best dad possible. It's great for any dad (whether they've participated in 24:7 Dad® or not), and you can deliver it in as little time as one day (8 hours including a lunch break). You can easily facilitate this workshop with groups of dads or with only one dad (i.e., one-on-one) using the separate guides for each in the Facilitator's Manual.

The 24:7 Dad® Key Behaviors Workshop is also an excellent choice for use in short-stay correctional facilities and reentry programs!

GREAT REENTRY RESOURCE

IODGFT-25PK \$309 25 PACK

Incarcerated dads who create meaningful ties with their children and family on the outside are more likely to succeed on the inside. The InsideOut Dad® Guide to Family Ties covers many topics that help dads learn the importance of getting in touch—and staying in touch—with their family, maybe even for the first time. It also helps dads create strong ties between themselves and their children, and between them and the mother of their children. Research shows that strong family ties prior to release reduces the likelihood of recidivism.

The guide has flexible uses. Use it as a self-paced guide when you cannot or do not want to facilitate a fatherhood program, such as InsideOut Dad®. Use it as an additional learning option before or after a program ends. “Facilitate” it using the free Facilitator’s Instruction Guide.

Corrections and Reentry Bundle

Incarcerated dads who maintain meaningful family relationships tend to exhibit better behavior during incarceration and are less likely to reoffend after release, reintegrating more productively into society. The Corrections and Reentry Bundle includes brochures on important topics faced by many incarcerated dads. Use them to equip fathers with the knowledge they need for a successful family life. If you use a fatherhood program like InsideOut Dad®, add this bundle to boost dads’ learning.

Bundle Includes:

One 50 pack of the following brochures:

- Three Steps for Dads to Care for Their Mental Health
- How to Connect With a Minor Child After a Long Absence
- Staying Involved with Your Children While Incarcerated
- 20 Ways to Connect With Your Children & Family After Release
- 14 Things Dads in Prison Should Do Before or Right After Release
- Building Trust and Respect with the Mother of Your Child

Program Description

Understanding Dad™ is a unique program that helps moms improve the relationship with their children's dad, for the benefit of their children.

Oftentimes, moms' gatekeeping behavior can prevent or reduce dads' access to their children. When this happens, it eliminates or reduces the positive impact involved dads have on children.

Understanding Dad™ addresses gatekeeping behavior by raising moms' awareness about the importance of father involvement in children's lives. It helps moms reflect on how their own developmental histories have and continue to influence the relationship with their children's dad. It also teaches moms communication skills to improve the partnership between them and their children's dad in raising their children (e.g., co-parenting when moms and dads are no longer together).

- ✓ My Father's Impact
- ✓ My Mother's Impact
- ✓ Me and My Children's Father
- ✓ The Impact on My Children
- ✓ Patterns of Communication
- ✓ Open, Safe Communication
- ✓ How to Listen

Help Me Grow™ Guides

Quick-Reference Guides Help Dads Participate in their Child's Development!

Often times, dads are unsure how to be actively involved in their child's development, especially during the first few years. That's where Help Me Grow™ Guides come in! **Co-authored by pediatricians and child psychologists, Help Me Grow™ Guides go beyond standard child development charts by showing dads how to actively participate in child development.**

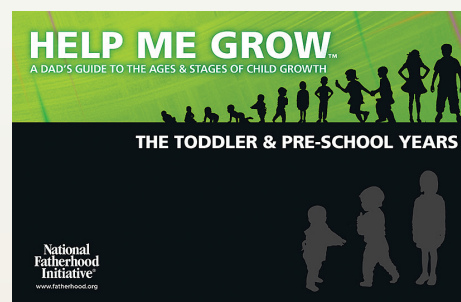

In each guide, dads learn the developmental milestones for their child's age, followed by practical ways they can be involved in helping their child develop in healthy ways. Help Me Grow™ Guides also help dads manage expectations for their child's development and give them insights they can share with their child's mother.

Available in Two Versions:

- ▶ The First Year: Organized in 2-Month Intervals
- ▶ The Toddler & Pre-School Years: Organized by Years 1-5

Product Description

To commemorate the 30th Anniversary of National Fatherhood Initiative®, we are thrilled to introduce the ninth edition of our unique research publication, *Father Facts*™. Packed with the most comprehensive data and research available on the benefits of father involvement and the negative impacts of father absence, *Father Facts*™ is the ultimate reference manual for anyone passionate about promoting father involvement in children’s lives and advocating for father-inclusive efforts.

Father Facts™ 9 uses a strengths-based framework that emphasizes research on the benefits of involved dads. With over 370 new entries and 21 new chapters and sections compared to the previous edition, *Father Facts*™ 9 encompasses a broader range of international studies and more descriptive data, particularly on the various types and categories of dads.

Common Uses by Human Service Organizations

- Provide general support for your organization’s work with dads.
- Advocate for father-inclusive efforts within your organization, collaborative, or coalition.
- Include data and research in grant proposals.
- Raise staff awareness about the importance of dads.
- Use for professional development/growth (your own and fellow staff).
- Raise community awareness about the importance of dads.
- Share with the media to generate free press/PR for your organization and its father-inclusive efforts.
- Use in presentations for any audience.

Father Facts™ 9 [Enterprise Use]

This is a PDF file for organizations, government agencies, universities/ educational institutions, and public libraries that will house the publication in a closed system (not available to the public) to share across multiple locations or departments with staff, students, faculty, or clients.
